NALP is also the oldest established professional membership and self-regulatory body for paralegals in the UK, having been established in 1987. NALP advocates for its members and for full recognition of the paralegal profession as an integral part of the legal sector as a whole.

2.4. Rules of Combination

In order for Learners to achieve the different Level 3 qualifications, they will need to complete sufficient units, equating to a specific minimum Total Qualification Time (TQT) in order to meet the following criteria:

Qualification Title	Mandatory Unit(s)	Minimum TQTs*	Minimum Units
NALP Level 3 Award in Paralegal Practice	Unit 30	170	2
NALP Level 3 Certificate in Paralegal Practice	Units 30 & 31	291	4
NALP Level 3 Diploma in Paralegal Practice	Units 30 & 31	435	6

Award – Learners need to complete mandatory unit 30 plus at least one other unit to a minimum of 170 TQTs to achieve the qualification.

Certificate – Learners need to complete mandatory units 30 and 31 plus any combination of two other units (minimum 4 units in total), which also have a combined minimum of 291 TQTs to achieve the qualification.

Diploma – Learners need to complete mandatory units 30 and 31 plus any combination of four other units (minimum 6 units in total) to a minimum of 435 TQTs to achieve the qualification.

3. Objectives of the Qualifications

The Level 3 Paralegal Practice qualifications are designed for paralegals, and those who aspire to train to become paralegals and currently work in business administration or secretarial services or within the legal environment, or those who wish to enter into the profession and seek to develop key skills and knowledge such as drafting; negotiating; legal system and knowledge of specialist legal subject areas such as conveyancing or employment law.

Please note that these qualifications are specifically written with English law at their base. These qualifications are therefore best suited to those who seek to work in the UK or abroad where the system of law is based on English Common Law.

Learners who successfully achieve NALP Level 3 in Paralegal Practice will gain a recognised and respected qualification that will aid them in their career entry and progression.

4. Entry Requirements

These qualifications are designed to be offered to learners from the age of 16, although in practice the majority of learners are likely to be over 18.

NALP does not specify entry requirements other than that a reasonable standard of written English is required. However, Centres delivering this course are required to ensure that learners who undertake these programmes have sufficient capability at the right level to be suitable to undertake a Level 3 assessment.

All Learners must hold at least Affiliate Membership of NALP. One year's free Affiliate Membership is provided to all Learners, but this must be renewed for those whose studies continue beyond that period at the Learner's expense.

5. Recognition of Prior Learning

NALP allows exemptions for Learners who have passed relevant qualifications with other awarding organisations and provide a full list of these on their website.

They will also consider qualifications not on the standard list, dependent upon individual circumstances and the content of those qualifications.

All applications for exemptions must be completed and submitted with the relevant evidence and will only be considered after payment of the appropriate administration fee. Full details of the exemptions allowed and the process to be followed can be found at:

<https://www.nationalparalegals.co.uk/exemptions-for-prior-learning>.

6. Progression for Learners

The Level 3 qualifications in Paralegal Practice provide for opportunities to progress to other qualifications at the same or higher levels such as the NALP Level 4 Diploma in Paralegal Studies. This qualification supports learners in meeting the requirements of the National Occupational Standards for Paralegals.

7. Guided Learning Hours (GLH) and Total Qualification Time (TQT)

“Guided Learning Hours” (GLH) is defined by Ofqual as being “The activity of a Learner in being taught or instructed by – or otherwise participating in education or training under the Immediate Guidance or Supervision of – a lecturer, supervisor, tutor or other appropriate provider of education or training” and includes “the activity of being assessed if the assessment takes place under the Immediate Guidance or Supervision of a lecturer, supervisor, tutor or other appropriate provider of education or training”.

The NALP Level 3 Qualification in Paralegal Practice is usually delivered via either distance learning (e.g. mostly self-study using the workbooks provided by NALP and/or e-learning packages provided by the training centre) or “blended learning” where the learner attends some classroom based (can be face to face via a live video link) and also conducts some self-study, the latter often being set by their teacher/tutor as a form of homework. To this end, NALP has calculated that the GLH for the Level 3 qualifications will equal approximately 40% of the overall study time necessary to pass the units needed to attain these qualifications. Please note that this is based on the ‘average learner’ as being one who has not previously studied law in any form and so is starting from a basis of having very little previous knowledge or understanding of the subject but having a good general knowledge and being able to easily study at this level. This is because the Level 3 qualifications are considered ‘entry level’ in respect of legal qualifications. Some learners may take longer to achieve the qualification than others and some, particularly those who already work in the legal sector but wish to enhance and formalise their knowledge, may well be able to achieve their chosen Level 3 qualification in a shorter timeframe.

GLH is only applicable to those who have chosen a classroom based or blended way of learning. Those choosing to study via distance learning may not have any learning hours that fall under the definition of ‘guided learning’. In that case, the total TQT will still apply as the number of hours an average learner will take to achieve these Level 3 qualifications.

The following is a summary of the units underpinning the NALP Level 3 Paralegal Practice qualifications with their respective GLH and Total Qualification Time (TQT). The TQT represents the total time an average Learner might spend studying for each unit and how long the assignment for each unit might take, together with the total TQT for each unit:

Unit	Title	GLH	Self-study and assignment	Total TQT
30	Introduction to Law for Paralegals	76	42	118

31	Legal Ethics and Responsibilities for Paralegals	36	30	66
32	Wills and Succession for Paralegals	30	22	52
33	Civil Litigation for Paralegals	47	32	79
34	Criminal Litigation for Paralegals	45	35	80
35	Commercial Law for Paralegals	45	35	80
36	Conveyancing for Paralegals	50	30	80
37	Employment Practice for Paralegals	30	25	55
38	Consumer Law and Advice for Paralegals	37	28	65

The total hours a Learner may spend on achieving each qualification is dependent on which optional units they choose to study. For instance, a Learner who decides to study for the NALP Level 3 Award in Paralegal Practice and who chooses the Wills and Succession for Paralegals unit in addition to the mandatory unit on Introduction to Law for Paralegals would be likely to need to study for a total of 170 hours, whereas if they chose Commercial Law for Paralegals, they would likely study for a total of 198 hours. Whichever units a Learner chooses to study, they must ensure that they meet the Rules of Combination set out in Section 2.4 above.

8. Learning Materials and Support

NALP provides full Course Workbooks for each unit of study which are provided to Centres for onward provision to the learners that enrol on our Level 3 qualifications. NALP also provides full Learner Guides which provides lots of information, hints and tips regarding how to complete the assignments that are set for each unit of study. These guides are also available to download from NALP’s website at <https://www.nationalparalegals.co.uk/recognition-for-prior-learning/>. The workbooks are only available to enrolled learners via their chosen training centre/college.

As part of their approval process, NALP ensures that all of our approved training centres have suitably trained and experienced staff that are able to provide learners with any support they may require in order to attain their NALP qualification. Learners should therefore contact their chosen training centre in the first instance should they have any queries or concerns.

9. Assessment

9.1. Assessment Methodology and Time Restrictions

Each unit is assessed by one written assignment for the learner to complete over a four-week period.

In order to achieve the desired Qualification a learner must have completed and achieved the required pass mark for all units within a set timeframe of enrolment on the chosen level qualification, as follows:

Qualification	Maximum Timeframe for Completion
NALP Level 3 Award in Paralegal Practice	12 Months
NALP Level 3 Certificate in Paralegal Practice	24 Months
NALP Level 3 Diploma in Paralegal Practice	24 Months

Whilst the above are the maximum timeframes, it is normal for a learner to have completed their studies within 3-12 months, depending on the qualification chosen.

If a learner fails to complete all necessary units within this timeframe they will be required to re-enrol, including payment of new enrolment fees. If they have passed some of the required units, these may or may not be considered under the criteria for Recognition of Prior Learning, dependent on any changes to English Law that may have occurred during the time since the original enrolment. Please see Section 5 above and refer to the NALP website for more details at:

<https://www.nationalparalegals.co.uk/https://www.nationalparalegals.co.uk/>

9.2. Availability of Sample Assessments

Sample Level 3 assignment questions can be found on the website here:

<https://www.nationalparalegals.co.uk/qualifications/level-3/>

9.3. Marking the Assessment

All assessments are externally marked by NALP's examining team against a standard marking scheme. The examiners also carry out additional checks to ensure that the work submitted by the Learner is authentic and has been completed by that Learner.

Unit assignments are graded pass, refer or re-sit. A pass is achieved when a Learner gains 45% or above and has passed all the Learning Outcomes. A refer is when the Learner has gained 45% or above but has failed 1 or more Learning Outcomes. If this occurs then, the Learner will be advised which questions in the assignment will need to be re-done and will have two weeks to re-do these. A re-sit is when the Learner has failed to achieve 45% and will therefore be required to re-sit another assignment and will have a further four-week period in which to do so.

9.4. Reasonable Adjustments and Special Considerations

All requests for reasonable adjustments must be received prior to the assessment taking place. These will then be considered by the examination team prior to the assignments being assessed.

Requests for special considerations may be considered at or after the time of the assessment.

Where such a request includes provision of additional time to complete a qualification and/or assignment(s), the maximum time allowed will not exceed 25% of the usual required time for completion of the qualification and/or assignment(s). For the avoidance of doubt, if a learner has been granted an

extension to their qualification, the maximum time they will be allowed to complete it under Reasonable Adjustments or Special Considerations is:

Qualification	Maximum Timeframe for Completion	Maximum extension for RA/SC
NALP Level 3 Award in Paralegal Practice	12 Months	3 months
NALP Level 3 Certificate in Paralegal Practice	24 Months	6 months
NALP Level 3 Diploma in Paralegal Practice	24 Months	6 months

As all assignments are required to be completed and submitted within 4 weeks of it being sent to the learner, the maximum extension allowable under Reasonable Adjustments or Special Considerations is 1 week (7 calendar days) for any single assignment attempt.

Please note that the above are the **maximum times allowed** and learners could be granted extensions of differing lengths, dependent upon the reasons for the request, etc.

All requests for reasonable adjustments and special considerations will be considered on a case-by-case basis, in line with the NALP Reasonable Adjustments and Special Considerations Policy, a copy of which is available at the bottom of the NALP website:

<https://www.nationalparalegals.co.uk/>.

9.5. Appeals

Should a learner disagree with an assessment decision, this will be handled under the NALP Appeals Policy, a copy of which is available at the bottom of the NALP website:

<https://www.nationalparalegals.co.uk/>.

Learners should note that appeals are not allowed on the sole basis of disagreement with an academic judgment made by an assessor.

10. Quality Assurance and Moderation

As all assessments are marked externally by NALP (i.e. the Centres do not mark their Learners' papers), a Quality Assurance and Moderation Policy covering all assessment results has been put into place. This aims to ensure that all assessments have been marked in line with the standard mark scheme, that all members of the examining team are fully trained and that sufficient standardisation of results is undertaken.

A copy of the Quality Assurance and Moderation Policy is available at the bottom of the NALP website:

<https://www.nationalparalegals.co.uk/>

11. Award and Publication of Results

Once assessments have been marked they are checked against the Rules of Combination to ensure that the Learner has met all criteria. Once that has been confirmed, Unit Certificates are issued for the individual units achieved and, if the Learner has successfully attained the full qualification, a full Qualification Certificate will also be issued. NALP aims to issue all certificates within three weeks of completion of an appropriate rule of combination.

Replacement certificates can be provided by completing the relevant form which can be found on the bottom of the NALP website and by paying the fee of £25. The form is available from the website and you can pay the fee via the website also: <https://www.nationalparalegals.co.uk/>
